An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Alfred Stadnicki on February 14, 2002.

Claim 10 has been cancelled.

In claim 22, the phrase --including computer readable media-- has been inserted in the fourth line before the word "configured". Also in claim 22, line 8, the phrase --including computer readable media-- has been inserted before the word "configured".

Reasons for Allowance

Claims 1-9, 11 and 13-28 have been indicated as allowable. Of these, claims 1, 11, 16 22 and 28 are independent. The most relevant references are US Patent 5,383,113 to Kight et al. and 5,504,677 to Pollin.

Claim 1: Claim 1 calls for a database having payee records with each payee having a payee zipcode; receiving information from a payor that includes the zip code, processing the information other than the zip code to identify a zip code for the payee, then accessing the database to locate the payee. The reference to Kight et al. makes no mention of zip codes and the reference to Pollin (col 10) only mentions the entry of a debtor's zip code. Since a debtor is a payor, not a payee, the features of claim 1 do not correspond to either of Kight et al. or Pollin. Accordingly, claim 1 is allowable.

Claim 11: Claim 11 calls for a storage device configured to store payee records with each payee record having a payee zip code, a data input configured to receive payor payment information, including a payee zip code, a processor configured to process the payment information excluding the payee zip code to a zip code for the payee and then retrieve the payee record associated with the zip code. Kight et al. makes no mention of zip codes and Pollin only mentions the entry of a debtor's zip code, which is the zip code of the payor, not the payee. Pollin makes no mention of receiving, entering or utilizing a payee zip code. Accordingly, claim 11 is allowable.

Art Unit: 3626

Claims 16, 22 and 28: Each of these claims are allowable for the same rationale as recited above. Each of these claims involves the usage of a payee zip code or payee records, none of which are disclosed by Kight et al. or Pollin.

Claims 1, 11, 16, 22 and 28 are allowable. Claims 2-9, 13-15, 17-21 and 23-27 are allowable as dependent upon allowable independent claims.
